

What are the preferences for the Housing Choice Voucher Program?

The Fresno Housing Authority may establish local preferences based upon housing needs and priorities as determined by the Fresno Housing Authority. These local preferences will be based on accepted data sources, after providing an opportunity for public comment, and will consider the public comments received.

Before the family is provided assistance, the family's eligibility for the preference is based on the current circumstances will be verified.

The Fresno Housing Authority has established the local preferences which will be given a cumulative point value so that more preference points an applicant has, the higher the applicant's place on the wait list. Applicants with equal preference points will be selected according to date and time of the pre-application.
