San Ramon Apartments Grand Opening boosts revitalization in Eldorado Park

FRESNO, CA – Today, the Fresno Housing Authority joined Mayor Ashley Swearengin, Councilmember Paul Caprioglio and residents of the Eldorado Park neighborhood for a Grand Opening Celebration at the new San Ramon Apartments in the City of Fresno, located at 1328 East San Ramon.

“The Fresno Housing Authority is pleased to be a catalyst for revitalization in the Eldorado Park neighborhood,” said Preston Prince, CEO/Executive Director of the Fresno Housing Authority. “Transformation is taking hold in this neighborhood, as we work together to increase quality housing for our community.”

The development was completely renovated in just six months by the Fresno Housing Authority. The renovations consist of 32 two bedroom units, new landscaping, interior and exterior designs and improved amenities for residents seeking quality, affordable housing.

The improvements to San Ramon Apartments contribute to the transformation of the Eldorado Park neighborhood. The neighborhood has recently seen transformation through neighborhood planning to reduce crime and encourage engagement of residents led by the El Dorado Community Leaders, a group of residents who work to organize residents to work together for positive changes in the neighborhood.

“The San Ramon revitalization project is a great example of rebuilding vibrant neighborhoods in our community,” said Mayor Swearengin. “Community revitalization is a significant element in fostering neighborhoods that are safe and clean where residents have access to modern housing options and work together to maintain the quality of their neighborhood.”

The project was financed by the Fresno Housing Authority and the City of Fresno's Neighborhood Stabilization Program (NSP) Funds. Total development cost for the 32 unit development was \$4.2 million.

This partnership project is one of many that contribute to the mission of the Fresno Housing Authority, to create and sustain vibrant communities throughout Fresno County.
