Boards of Commissioners Update

April 2016
Overview

As a follow up to our February 2016 Board Update and our recent advocacy efforts in Washington, D.C., the information below summarizes our Congressional and legislative efforts.

As previously mentioned on February 2, 2016, the House of Representatives unanimously approved what is known as the Housing Opportunities Through Modernization Act (HR 3700), which is legislation providing benefits to PHAs including, but not limited to:

- Fungibility of operating and capital fund dollars
- Language authorizing a replacement reserve for specific capital fund activities within the public housing program
- Authorization for PHAs to allocate 20% of its authorized number of vouchers as project-based, as opposed to a percentage of the budget authority, and allowing for an additional 10% of units to be used to house families with veterans, elderly or disabled

The Fresno delegation and other colleagues advocated and encouraged Senate representatives to support this legislation and the thanked House representatives for the unanimous approval.

Additionally, there was an opportunity to advocate for issues that impact our residents, our partners, and the critical work performed by our agency, including:

- Permanent allocation of the 4% Low-Income Housing Tax Credit
- Increased funding for HOME and CDBG funding
- The role of Public Housing Agencies in Affirmatively Furthering Fair Housing

Finally, as considered by the Boards during the March 2016 meeting, a letter was presented to our Congressional leaders regarding the administration and accompanying challenges of our VASH voucher program. As a result,
congressional staff agreed to convene a joint meeting with our local Veterans Affairs partners to address the housing needs of our homeless veterans.

As we continue to work on issues impacting our residents, we will keep the Boards informed of our efforts. Please see the attached documents which include: our schedule of meetings and activities, and legislative handouts distributed to each of our congressional representatives.
NAHRO Washington Conference 2016

Overview

The Legislative Conference provides an excellent forum for our voice to be heard on key issues that affect the work being done in the Fresno community and abroad. This conference will provide a unique and important opportunity to impact the current legislative debate and shape responsible public policy.

There are 1,722 Homeless Individuals in Fresno and Madera Counties*

- Only 31% are Sheltered
- 69% are Unsheltered

*Based on the 2015 Point in Time Count

69% or 1,183 are Unsheltered

13% of the homeless are veterans

Fresno Housing Authority Goals:

1. **PLACE.** Develop and expand the availability of quality affordable housing options throughout the city and county of Fresno by growing and preserving appropriate residential assets and increasing housing opportunities for low-income residents.

2. **PEOPLE.** Respect community needs and knowledge—by listening, learning, and researching—and respond to issues compassionately, intelligently, and intentionally—by developing exceptional programs based on shared expectations.

3. **PUBLIC.** Build support for housing as a key component of vibrant, sustainable communities through public information, engagement, and advocacy that promotes affordable housing and supports the advancement of Fresno’s low-income residents.

4. **PARTNERSHIP.** Collaborate to strengthen the Housing Authority’s ability to address the challenges facing Fresno communities.

In 2016, Fresno Housing will focus on achieving the policy outcomes detailed within. Fresno Housing has compiled this information to align with CAHA and NAHRO’s Legislative Focus and Priorities. Fresno Housing will also continue to monitor the federal policy environment and respond to emerging issues as needed.

Fresno Housing, in its role within the Fresno Madera Continuum of Care, has assisted in the further development of a Coordinated Entry System (CES) to facilitate individuals accessing the appropriate housing intervention for their needs. The community continues to see successes with its first coordinated access point—Multi-Agency Access Program (MAP) at the Pov. Fresno Housing, along with community partners WestCare California, Fresno County Department of Behavioral Health and Poverello House, have facilitated staffing and services to provide housing to homeless individuals and families. The process starts with an assessment using the Vulnerability Index—Service Prioritization Decision Assistance Tool (VI-SPDAT). Within its first year, more than 3,500 individuals have accessed the CES system, with 681 having been housed, of which 324 were Veterans.

Fresno has been invited to participate in the Zero: 2016—a national initiative to end homelessness among Veterans by the end of 2016; chronic homelessness by 2017.
Support and provide adequate funding for the Housing Choice Voucher and Public Housing programs, which are much needed in order for Fresno Housing to provide and maintain quality affordable housing for Fresno County’s most vulnerable communities.

- Support flexibility of the Housing Choice Voucher program, which is a key element to its success in helping vulnerable and low-income populations, families, seniors, persons with disabilities, homeless Veterans and children to live stable and independent lives.
- Support local agencies that administer Public Housing and HCV programs to develop legislation that repositions public housing similar to the Rental Assistance Demonstration (RAD) program, in a viable manner which is essential for the sustainability of public housing.

REQUEST: Provide adequate funding for the Housing Choice Voucher and Public Housing programs, which are much needed in order for Fresno Housing to provide and maintain quality affordable housing for Fresno County’s most vulnerable communities.

The Transportation, Housing and Urban Development (THUD) allocation uniquely promotes the well-being of our home communities by providing essential capital that enables public and private partners to build critical transportation infrastructure, spur economic development in communities, and help more than 5 million seniors, people with disabilities, and other families to afford housing.

Through these investments, Congress supports small-business job creation, expands our nation’s infrastructure capacity, supports economic recovery and growth, reduces homelessness and housing hardships, and promotes lasting community and family economic success.

In order for public and private agencies to continue supporting these investments, the THUD allocation must be increased to the highest possible level for FY 2016.

REQUEST: Enact meaningful program reform legislation that:
- Advances flexibility by lowering administrative requirements for the Agencies that administer Public Housing and HCV programs.
- Continue working with local agencies that administer Public Housing and HCV programs to develop legislation that repositions public housing similar to the Rental Assistance Demonstration (RAD) program, in a viable manner which is essential for the sustainability of public housing.
- Support the Small Housing Authority Reform Proposal (SHARP), an initiative that would significantly ease administrative burdens and increase program flexibility available to smaller organizations operating the public housing program and/or the Housing Choice Voucher program.

The Housing Choice Voucher (Section 8 Program (HCV)) is an essential element of the social safety net that provides rental assistance, allowing nearly 2.2 million low-income families to lease modest dwelling units owned by private sector landlords. Regulations that govern the HCV program are very complex, and with underfunding of the program’s administrative fees, effective levels of service cannot be provided to our most needy citizens. Housing and Urban Development Department (HUD) had implemented long-overdue regulatory and administrative reforms that allow for more efficient use of resources in the voucher programs. However, reforms of statutory provisions require an act of Congress.

Support and provide adequate program funding support for two key strategies that will enable us to end chronic homelessness; a coordinated access system and the Housing First model, as well as new initiatives created by HEARTH.

Congress enacted and the President signed the Homelessness Emergency and Rapid Transition to Housing Act (HEARTH) in 2009, resulting in major changes to HUD’s McKinney-Vento homeless assistance programs. HUD has been working for several years to implement the programmatic reforms mandated by HEARTH, but that work has been hindered by inadequate funding.

REQUEST: Ensure adequate program funding support for two key strategies that will enable us to end chronic homelessness; a coordinated access system and the Housing First model, as well as new initiatives created by HEARTH.

Support legislation to permanently extend the minimum 9 percent credit rate enacted under the Housing and Economic Recovery Act of 2008 while creating a minimum 4 percent credit rate for allocated acquisition credits.

REQUEST: Direct much needed funding for affordable rental housing to the NHTF.

NHTF is a permanent program, and will have dedicated sources of funding not subject to the annual appropriations process. The following are highlights of the NHTF:
- At least 90% of the funds must be used for the production, preservation, rehabilitation, or operation of rental housing. Up to 10% can be used for the following home ownership activities: production, preservation, and rehabilitation; down payment assistance; closing costs assistance; and assistance for interest rate buy-downs.
- At least 75% of the funds for rental housing must benefit extremely low income households and all funds must benefit very low income households.

REQUEST: Ensure adequate program funding support for two key strategies that will enable us to end chronic homelessness; a coordinated access system and the Housing First model, as well as new initiatives created by HEARTH.

The LIHTC is currently the most important tool available to the Agencies that are working to expand the nation’s affordable housing inventory. Fresno Housing Authority is committed to building partnerships with industry partners and private investors to develop more affordable housing throughout Fresno County.

REQUEST: Support legislation to permanently extend the minimum 9 percent credit rate enacted under the Housing and Economic Recovery Act of 2008 while creating a minimum 4 percent credit rate for allocated acquisition credits.
Empowering Fresno families to achieve self-sufficiency through education

Educational advancement leads to wage progression and career growth for Fresno Housing families, in addition to increasing income for basic living expenses, new and increased earnings enable participants to dedicate more income to education, training and savings. Equally important are the benefits of pay raises and promotions; these milestones help to boost the morale of those who are on the path to economic self-reliance.

The Ed Corps is collaborating with Fresno Housing Authority and local school districts to create and implement MOUs and waivers that will help us better understand students’ needs while respecting the privacy of our resident families. Data will be used to design educational programs to increase our students’ academic achievement.

Collaboration between Fresno Housing Education Corps, Fresno Housing Authority, school districts, and community partners throughout Fresno County to create a framework to fill the gaps and extend education beyond the classroom.
Repositioning of Public Housing

Fresno Housing Authority has used the majority of the Low Income Tax Credit funds to reposition public housing in the cities of Fresno, Mendota and Orange Cove. The substantial rehabilitation included 447 units of existing public housing stock at ten (10) properties throughout Fresno County, three (3) of which are located in the 16th Congressional District in the city of Fresno—Inyo Terrace and Cedar Courts (2 complexes).

These renovations include a substantial capital investment to preserve affordable housing units for a range of family sizes. These units will be upgraded to include amenities that are comparable to market rate units in the community. The units will also see improvements to landscaping and shared spaces, such as community centers with computer labs, kitchens, and offices for service providers.

77% DECREASE in state and federal funding for affordable homes in Fresno since 2008.

Housing In District 16

Additional multifamily properties that are owned and managed by the Fresno Housing Authority in the 16th Congressional District include:
- Biola Apartments, Biola
- Marcelli Terrace, Fresno
- Cedar Courts, Fresno (two complexes)
- Cedar Heights, Fresno
- Inyo Terrace, Fresno
- Dayton Square, Fresno
- De Soto Gardens, Fresno
- Fairview Heights, Fresno
- Garland Gardens, Fresno
- Yosemite Village, Fresno
- Mariposa Meadows, Fresno
- Monte Vista Terrace, Fresno
- Pacific Gardens, Fresno
- Sequoia Courts, Fresno
- Sierra Plaza, Fresno
- Sierra Terrace, Fresno
- Renaissance at Santa Clara, Fresno
- Renaissance at Alta Monte, Fresno
- Renaissance at Trinity, Fresno
- Parc Grove Commons, Fresno
- Bridges at Florence, Fresno
- CityView @ Van Ness, Fresno

2015 California Housing

KEY FACTS

46% Households in this state that are renters
1,246,788 OR 21% Renter households that are extremely low income

$20,400 Maximum state level income for an ELI household
981,745 Shortage of units affordable and available for extremely low income renters

$26.04 State Housing Wage
The hourly amount a household must earn to afford a two-bedroom rental unit at HUD’s Fair Market Rent

Addressing Homelessness in Fresno County

Fresno Housing Authority, in collaboration with Federal and local partners, provides housing to homeless individuals through a number of programs—FH developed Renaissance properties, scattered site Continuum of Care permanent supportive housing and HUD-Veterans Affairs Supportive Housing (VASH).

732 Homeless Individuals in Fresno and Madera Counties

There are only 31% are Shielded and 69% or 1,183 are Unsheltered and 13% of the homeless are veterans and 62% of them are Unsheltered

MAP Provides the Right Care the First Time

Coordination is the key to leveraging existing resources. MAP is an integrated intake process that connects individuals and families facing housing, substance abuse, physical health, or mental illness challenges to supportive services matching individuals and families to the right resources at the right time.

Process

Each service provider is an access point. The centralized intake process allows agencies to serve the individuals where they are. No one solution fits all. However, services exist that can be leveraged to customize a plan that will have a higher chance of long-term success.

In Fresno County, Fresno Housing Authority, Homeless Task Force, WestCare, Kings View, and other partners.

Go to a MAP Point
1. A person in need of housing or services goes to one of the partner locations known as MAP Points.

Connect with Navigator for standardized intake & assessment
2. The role of the navigator is to complete the initial intake assessment and connect individuals and families to the appropriate services immediately, whether that is housing, mental health, substance abuse care, or other social services.

Match with agency and transition from Navigator to Case Manager
3. Once the individual is connected with the appropriate agency, the case manager takes over in developing a long-term plan for that individual or family and monitoring their success.

Key Elements Of Fresno County’s Affordable Housing Market Failure:

- There is a shortfall of 34,855 homes affordable to Fresno County’s very low-income (VLI) and extremely low-income (ELI) households.
- Median rents in Fresno County increased by 21 percent between 2000 and 2012, while the median income declined by 13 percent, significantly driving up the percentage of income that households must spend on rent.
- 73% of very low-income households pay more than half their income on rent.

92% of very low-income households in Fresno County pay more than 30% of their income in rent.

Source: NLIHC Analysis of 2012 American Community Survey PUMS data
Empowering Fresno families to achieve self-sufficiency through education

**Education is the Core of Economic Growth.**

Fresno Housing Education Corps empowers Fresno Housing Authority families to achieve long-term self-sufficiency through education. We collaborate with local school districts to fill the gaps and extend education beyond the classroom by creating a safe, consistent, and unintimidating environment to make it easy for families to accomplish the personal, educational, and economic goals.

The Ed Corps is not just another nonprofit, we are laser-focused on education for those with the biggest need in our community. We are agile, entrepreneurial, and operate like a business using data-driven decision making to ensure the highest return on investment.

**Our Focus**

- Teaching participants the value of education while partnering with local institutions to increase student and parent success.
- Providing grants to outstanding student participants to assist them in pursuing college degrees.
- Monitoring and tracking student achievement.
- Providing preschool/transitional kindergarten opportunities.
- Providing reading programs to help students get on track.
- Providing education and training for parents to become involved in their students education.

Educational advancement leads to wage progression and career growth for Fresno Housing families, in addition to increasing income for basic living expenses, new and increased earnings enable participants to dedicate more income to education, training and savings. Equally important are the benefits of pay raises and promotions; these milestones help to boost the morale of those who are on the path to economic self-reliance.

**Target Goals**

1. **Smooth the Transition to Middle School**
   - Key Builders: Fresno Housing Authority students.
   - Goal: Increase high school graduation rates. 100% high school graduation rate among Fresno Housing Authority students.

2. **Increase High School Graduation Rates**
   - Key Builders: Fresno Housing Authority students.
   - Goal: Increase high school graduation rates.

3. **Foster Grade Level Reading**
   - Key Builders: Fresno Housing Authority students.
   - Goal: Foster grade level reading.

4. **Self-Sufficiency**
   - Key Builders: Fresno Housing Authority students.
   - Goal: Self-sufficiency.

5. **Building Blocks**
   - Key Builders: Fresno Housing Authority students.
   - Goal: Key areas to academic success.

6. **Establishing a Foundation**
   - Key Builders: Fresno Housing Authority students.
   - Goal: Data, analysis, and metrics.

7. **Framework for Success**
   - Key Builders: Fresno Housing Authority students.
   - Goal: Create a framework to fill the gaps and extend education beyond the classroom.

---

**The People**

The work of the Fresno Housing Authority is to create and sustain vibrant communities by providing quality housing and empowering residents to achieve their educational and economic goals.

- Fresno Housing Authority serves nearly 6,000 residents who live in the 21st Congressional District — of those, nearly 3,000 are children.
- Fresno Housing Authority owns and manages 24 multifamily housing developments in the 21st Congressional District with 1,300 units which provide housing to 3,000 residents.
- Fresno Housing Authority administers 700 Housing Choice Vouchers in the 21st Congressional District that provide housing assistance to 2,700 residents.

---

**The Places**

Fresno Housing Authority develops and expands the availability of quality affordable housing options throughout the city and county of Fresno by growing and preserving appropriate residential assets and increasing housing opportunities for low-income residents.

**Total Impact in District 21 Since 2008**

- **Total Development Costs:** $54m
- **Tax Credit Equity:** $37m
- **Home Partnership Funds:** $3m

**Total (New/Rehabbed) Housing Units:** 234

Repositioning of Public Housing

Repositioning of Public Housing enabled the Fresno Housing Authority to substantially rehabilitate three properties located in the 21st Congressional District—Mendota Family Apartments and Rios Terrace (2 complexes)—all three properties are located in the city of Mendota.

Affordable Senior Apartments.

Three complexes that provide affordable housing to senior citizens are located in the 21st Congressional District. Fresno Housing Authority is currently in the process of developing a new, much needed, 30-unit apartment complex for seniors called Firebaugh Gateway Apartments.

Family Labor and Migrant Housing.

Fresno Housing Authority has two multifamily apartment complexes in the 21st Congressional District that provide housing to farm laborers and two complexes that provide housing to migrant workers. Both complexes are administered by the Fresno Housing Authority through USDA.

Repositioning of Public Housing

Repositioning of Public Housing enabled Fresno Housing Authority to substantially redevelop four properties located in the 22nd Congressional District, one in the city of Fresno — Viking Village and three in Orange Cove — Kuffel Terrace Apartments, Kuffel Terrace Annex and Mountain View Apartments.

Reedley. The newest Fresno Housing development in the 22nd Congressional District is called Kings River Commons. This affordable housing community includes 60 multi-family units, community room, fitness center, computer lab, and kitchen. In the fall of 2016, Fresno Housing will also complete construction on a 55-unit, mixed-use development in downtown Reedley contributing towards the downtown revitalization efforts.

Housing In District 22

Additional multifamily properties that are owned and managed by the Fresno Housing Authority in the 22nd Congressional District include:
- Citrus Gardens, Orange Cove
- El Cortez Apartments, Fresno
- Pine Dale, Fresno (2 complexes)
- Sunset Terrace, Reedley (2 complexes)
- Woodside Apartments, Fresno

Addressing Homelessness in Fresno County

Fresno Housing Authority, in collaboration with Federal and local partners, provides housing to homeless individuals through a number of programs — FH developed Renaissance properties, scattered site Continuum of Care permanent supportive housing and HUD-Veterans Affairs Supportive Housing (VASH).

MAP Provides the Right Care the First Time

Coordination is the key to leveraging existing resources. MAP is an integrated intake process that connects individuals and families facing housing, substance abuse, physical health, or mental illness challenges to supportive services matching individuals and families to the right resources at the right time.

Process

Each service provider is an access point. The centralized intake process allows agencies to serve the individuals where they are. No one solution fits all. However, services exist that can be leveraged to customize a plan that will have a higher chance of long-term success.

1. Go to a MAP Point
   A person in need of housing or services goes to one of the partner locations known as MAP Points.

2. Connect with Navigator for standardized intake & assessment
   The role of the navigator is to complete the initial intake assessment and connect individuals and families to the appropriate services immediately, whether that is housing, mental health, substance abuse care, or other social services.

3. Match with agency and transition from Navigator to Case Manager
   Once the individual is connected with the appropriate agency, the agency case manager takes over in developing a long-term plan for that individual or family and monitoring their success.

77% DECREASE in state and federal funding for affordable homes in Fresno since 2008.

Key Elements Of Fresno County’s Affordable Housing Market Failure:
- There is a shortfall of 34,855 homes affordable to Fresno County’s very low-income (VLI) and extremely low-income (ELI) households.
- Median rents in Fresno County increased by 21 percent between 2000 and 2012, while the median income declined by 13 percent, significantly driving up the percentage of income that households must spend on rent.
- 73% of very low-income households pay more than half their income on rent.
